

Dinsmore Family Labrador

Winter is over! We hope. And what a winter it was. The community response to our tubing days has been overwhelming. Literally. After hosting over 80 people our first day we scaled back to limit it to 50-70 tubers each Saturday and some weekdays. It can be busy but we make a point of inviting everyone we can to the church and giving them Gospel literature. This outreach allows us to get to know so many people at once and glean their names to invite them to future events.

One such event was our Teen Winter Weekend. Thank you for praying for this. God answered your prayers abundantly. Although only three girls attended all three accepted Christ! They came three days in a row for tubing, pizza, games and preaching. The third day was Sunday and they each brought their families to our evening service where the Gospel was clearly preached. Over all we had 14 first time visitors that weekend.

In our last letter, we asked for prayer for a large financial need here at the church. Praise the Lord for more answered prayer. I submitted a request to have our bill price lowered and they lowered the bill very graciously. Please continue to pray for the finances of the church. I will be traveling to Ontario

this summer to visit a few churches to raise additional support for ministry needs. God as provided for me to be able to take my family with me. If you would like us to visit your church, please contact me.

While in Ontario this summer we will be attending Missions Camp at Harvesters Baptist Camp. If you have ever thought about being a missionary this camp could really provide direction as you pray about how God would use you.

We are very excited about becoming apart of the Points North Baptist Mission team last month. I have been so impressed with Points North Baptist Mission I wanted to be apart of it.

Please pray for one more need. We have been unable so far to get home internet at the church. We have some data on our phones and we manage but it is very time consuming for me to do the business of the church either on my phone or in a coffee shop. It is also lonely for Amanda and the boys to be unable to share or watch videos with family or to do video calls with friends and grandparents. It would be an amazing blessing to have that convenience again. Thank you for praying.

“Trying to walk in the steps of the Saviour”

Darren, Amanda, Jasper, Russell and Ian Dinsmore.
